

Nearly 2,100 National Radon Action Month activities in 2011!

Compared to last year, 2011 had:

- A more than 50-fold increase in the reported number of radon test kits that were distributed (improved reporting process)
- A 75 percent increase in Home Show or Expo activities
- Three new states that participated in Poster Contest activities
- Increased participation in six of the 10 EPA Regions
- A near 70 percent increase in activities in the Other category
